

**Pre-Season Assessment of Animal Operations
For Fresh Produce Growers**

To be completed by produce grower or their representative

Name and title of person completing this form on behalf of produce grower	Date	Field and block
Is there an animal or animal-related operation (AnimalOp) on land that is adjacent to or near this field? <input type="checkbox"/> Yes – Complete one form for each AnimalOp in the area that may impact this field <input type="checkbox"/> No – STOP, you do not need to complete this form		
What type of AnimalOp is on adjacent or nearby land? (Check all that apply, and complete one form for each AnimalOp) <input type="checkbox"/> Feedlot <input type="checkbox"/> Dairy <input type="checkbox"/> Poultry/bird operation <input type="checkbox"/> Hobby farm <input type="checkbox"/> Manure/compost facility <input type="checkbox"/> Other, describe		
What types of animals are on the AnimalOp? (Check all that apply) <input type="checkbox"/> Cattle <input type="checkbox"/> Swine <input type="checkbox"/> Horses <input type="checkbox"/> Burros <input type="checkbox"/> Goats <input type="checkbox"/> Sheep <input type="checkbox"/> Chickens <input type="checkbox"/> Turkeys <input type="checkbox"/> Ducks <input type="checkbox"/> Peafowl <input type="checkbox"/> Quail <input type="checkbox"/> Rabbits <input type="checkbox"/> Dogs <input type="checkbox"/> Cats <input type="checkbox"/> Other animals, describe		
What is the closest distance between the fresh produce field and the perimeter of the AnimalOp?	Does an irrigation water source run within 400 ft of the perimeter of the AnimalOp? <input type="checkbox"/> Yes <input type="checkbox"/> No	If so, is water treatment required? <input type="checkbox"/> Yes <input type="checkbox"/> No
Where is the produce field in relation to the AnimalOp? <input type="checkbox"/> Uphill <input type="checkbox"/> Downhill <input type="checkbox"/> Same elevation		

To be completed by animal operation, their representative, or designated third party

Name and affiliation of person completing this form on behalf of AnimalOps		Date
Facility name (optional)	Facility address (optional)	Name of parent company (optional)
AnimalOp contact person name	AnimalOp contact person email and phone number	
What is the total acreage of the AnimalOp?	What is the maximum permitted capacity (# animals) of the AnimalOp?	What is the average occupancy (# animals) of the AnimalOp?

Animal movement

How often do new animals arrive at the AnimalOp? <input type="checkbox"/> Never <input type="checkbox"/> Daily <input type="checkbox"/> Weekly <input type="checkbox"/> Monthly <input type="checkbox"/> Seasonally <input type="checkbox"/> Other, describe	How often do animals leave the AnimalOp? <input type="checkbox"/> Never <input type="checkbox"/> Daily <input type="checkbox"/> Weekly <input type="checkbox"/> Monthly <input type="checkbox"/> Seasonally <input type="checkbox"/> Other, describe
How often do animals move between enclosures? <input type="checkbox"/> Never <input type="checkbox"/> Daily <input type="checkbox"/> Weekly <input type="checkbox"/> Monthly <input type="checkbox"/> Seasonally <input type="checkbox"/> Other, describe	Is there any other movement of animals around the property? <input type="checkbox"/> Yes, describe <input type="checkbox"/> No
At what time of day does the AnimalOp move animals around or off the site? <input type="checkbox"/> Pre-dawn <input type="checkbox"/> Morning <input type="checkbox"/> Afternoon <input type="checkbox"/> Evening <input type="checkbox"/> Post-sunset <input type="checkbox"/> Any time <input type="checkbox"/> Never	When animals are moved around or off the site, do they pass over, next to, or near any of the following? <input type="checkbox"/> Irrigation canal <input type="checkbox"/> Fresh produce fields <input type="checkbox"/> Fields with non-produce commodities <input type="checkbox"/> Other, provide details <input type="checkbox"/> None
How does the AnimalOp prevent runoff from animal enclosures during rain events?	

Dust abatement

Does the AnimalOp have a dust abatement permit? <input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A	If so, how often is the dust abatement permit renewed? <input type="checkbox"/> Never <input type="checkbox"/> Seasonally <input type="checkbox"/> Annually <input type="checkbox"/> Other, describe
What forms of dust abatement does the AnimalOp regularly use? <input type="checkbox"/> None	
What actions does the AnimalOp take during significant weather events, like strong winds, to prevent the dispersal of dust? <input type="checkbox"/> None	What dust abatement activities does the AnimalOp conduct specifically when animals are being moved? <input type="checkbox"/> None

Water

Water use	Water source	Location of excess water discharge
Animal drinking water		
Sprinklers in enclosures		
Compost yard		
Other on site activity, describe		
Other on site activity, describe		
Other on site activity, describe		

Ponds and lagoons

How many ponds or lagoons does the AnimalOp have?	How often does the AnimalOp check the ponds and lagoons for leakage? <input type="checkbox"/> Never <input type="checkbox"/> Daily <input type="checkbox"/> Weekly <input type="checkbox"/> Monthly <input type="checkbox"/> Seasonally <input type="checkbox"/> Annually <input type="checkbox"/> Other, describe
How does water get into the ponds or lagoons?	
How is excess water discharged from ponds and lagoons?	
How are ponds and lagoons affected by weather events like rain and wind?	
What actions does the AnimalOp take to prevent ponds and lagoons from releasing water during weather events?	

Illness and mortality

Does the AnimalOp move sick animals to a specific area on site? <input type="checkbox"/> Yes, describe <input type="checkbox"/> No	Where are sick animals held in relation to the rest of the enclosures?
At what time of day does the AnimalOp move sick animals around or off the site? <input type="checkbox"/> Never <input type="checkbox"/> Pre-dawn <input type="checkbox"/> Morning <input type="checkbox"/> Afternoon <input type="checkbox"/> Evening <input type="checkbox"/> Post-sunset <input type="checkbox"/> Any time	When sick animals are moved around or off the site, do they pass over, next to, or near any of the following? <input type="checkbox"/> Irrigation canal <input type="checkbox"/> Fresh produce fields <input type="checkbox"/> Fields with non-produce commodities <input type="checkbox"/> Other, provide details <input type="checkbox"/> None
How are the enclosures for sick animals cleaned? Where does the manure go?	
Where does the AnimalOp store dead animals? Do they conduct mortality composting?	When dead animals are moved around or off the site, do they pass over, next to, or near any of the following? <input type="checkbox"/> Irrigation canal <input type="checkbox"/> Fresh produce fields <input type="checkbox"/> Fields with non-produce commodities <input type="checkbox"/> Other, provide details <input type="checkbox"/> None
How does the AnimalOp prevent runoff from sick and mortality areas during rain events?	

Manure management

How often does the AnimalOp clean pens, and leave manure piled for removal later? <input type="checkbox"/> Daily <input type="checkbox"/> Weekly <input type="checkbox"/> Monthly <input type="checkbox"/> Seasonally <input type="checkbox"/> Annually <input type="checkbox"/> Never	How often does the AnimalOp remove manure from the pens and transport it to a compost area or off site? <input type="checkbox"/> Daily <input type="checkbox"/> Weekly <input type="checkbox"/> Monthly <input type="checkbox"/> Seasonally <input type="checkbox"/> Annually <input type="checkbox"/> Never
At what time of day does the AnimalOp move manure around or off the site? <input type="checkbox"/> Pre-dawn <input type="checkbox"/> Morning <input type="checkbox"/> Afternoon <input type="checkbox"/> Evening <input type="checkbox"/> Post-sunset <input type="checkbox"/> Any time <input type="checkbox"/> Never	When manure is moved around or off the site, does it pass over, next to, or near any of the following? <input type="checkbox"/> Irrigation canal <input type="checkbox"/> Fresh produce fields <input type="checkbox"/> Fields with non-produce commodities <input type="checkbox"/> Other, provide details <input type="checkbox"/> None
At what time of day does the AnimalOp move compost around or off the site? <input type="checkbox"/> Pre-dawn <input type="checkbox"/> Morning <input type="checkbox"/> Afternoon <input type="checkbox"/> Evening <input type="checkbox"/> Post-sunset <input type="checkbox"/> Any time <input type="checkbox"/> Never	When compost is moved around or off the site, does it pass over, next to, or near any of the following? <input type="checkbox"/> Irrigation canal <input type="checkbox"/> Fresh produce fields <input type="checkbox"/> Fields with non-produce commodities <input type="checkbox"/> Other, provide details <input type="checkbox"/> None
How does the AnimalOp ensure that manure and compost stay contained in the trailer during transport?	

How does the AnimalOp prevent runoff from raw or stacked manure and compost areas during rain events?
How does the AnimalOp manage raw or stacked manure and compost areas during high winds?
